Borah Demands Vote On League

SENATOR IN SHARP REPLY TO WM. TAFT

Says We Should Not Turn Destiny of Nation Over to Europe

RADICAL DEPARTURE

Says He Would Have Deferred Remarks But Taft Brings Comment

(By the Associated Press)

WASHINGTON — Senator Borah, in a sharp attack on the proposed League of Nations and referred to it as the most radical departure from policies that we have ever considered, made by former President Taft that the proposed League of Nations did not contravene with Washington's doctrine against entangling alliances with foreign countries or with the Monroe doctrine were declared by Senator Borah to be "to the utmost degree misleading."

Should Consult People

"The people of the United States are the undoubted right," he said "to renounce their form of government to renounce their established principles whenever they see fit. I do not oppose any change in our form of government as may meet with the approval of the people at any time. I believe, however, that whenever that radical departure from established policies is proposed to people ought to be consulted."

Senator Borah declared that before any action was taken it should be referred to a vote of the people of this country.

"I believe," he said, "that this proposed program to be made operative is ineffective under the constitution and it is necessary to change our constitution; certainly those questions ought to be submitted to a vote of the people. We are their agents and we have not received authority from them to proceed along this line."

Senator Borah said he would have been glad to have an interview with President Taft, in which Mr. Borah asserted that the program did not contravene the doctrine of Washington or the Monroe doctrine.

Mr. Taft's suggestion that opposition of the league were "Reactionary" Senator Borah declared "is not unfamiliar in the expressions of President Wilson against entangling alliances were cited by him who said the distinctive feature of the first president's administration was foreign policy."

"People believe that Europe in the future will be free from the influence of ambition, caprice and envy," he asked, "Why quit and stand on foreign policy and yet in the very beginning of the league of nations conference find the executive committee dominated by three European, one Asiatic and one American?"

Should we interweave our destiny with European destiny? The constitution gives the majority in every single instance the right to say that this league may arise, to European destiny? The Ex-President of the United States mean to say to an American people that this league is not interweaving our destiny with European destiny? Do we pretend to say that this is not a candid and not advise the people that this is not going to happen? Must inevitably happen?"

NEW PHONE RATES IN EFFECT TONIGHT

Postmaster General Files Changes in Toll Schedule

The Wisconsin Telephone company received this afternoon, an order from the postmaster general making changes in toll rates. This order discontinues the present rate of 5 cents on toll calls and changes the rate to 10 cents, and also provides for the acceptance of particular person, appointment and message calls to points where the 5 cent rate was formerly in effect, and where because of the 5 cent rate, particular person, appointment and messenger calls were not accepted.

The changed rates become effective at 12:01 on February 21st.

SPECTACULAR RACE MADE FOR FREEDOM

Landis Ruled That Bail Would Have to be Made by Ten O'clock

CHICAGO — The five socialists who were yesterday sentenced to twenty years imprisonment by Judge Landis had a thrilling time last night in arranging for the bail that was necessary to keep them from going to Leavenworth immediately.

About four o'clock yesterday afternoon Judge Landis sentenced Victor L. Berger, Irwin St. John Tucker, J. Louis Engdahl, William F. Kruse and Adolph Germer to twenty years after having denied a new trial. He fixed bail at \$25,000 for each defendant and held further that it would have to be arranged by 10 o'clock last night.

Schedule Property

Then the socialists were informed that under the Illinois law it would be necessary to schedule \$100,000 in property to cover the bail of \$25,000 and that it was further stipulated that no Wisconsin property could be scheduled, that fifty per cent of the property scheduled had to be unencumbered real estate and fifty per cent could be unencumbered real estate.

William Gross Lloyd, millionaire socialist, who, it is reported owns 25 per cent of the stock in The Chicago Tribune, came to the rescue of the socialists and scheduled property totalling \$250,000.

At 7 o'clock last night Victor L. Berger had only succeeded in raising \$11,000 to schedule.

After Lloyd had scheduled \$250,000, he and Mabel Search of the

Revival meetings at the A. M. E. church, E. Dayton street, conducted by Rev. S. C. Crutcher, the Evangelist, are growing in interest at every service. Tonight is the last service this week. There will be three services Sunday, the 23rd, at 11 a. m., 3:30 and 7:30 p. m.

WAR COST QUESTION IS NOW BIG

Wilson Has Stood for Reparation and Not for Cost Burden

CONSULT PRESIDENT

France to Put in a Bill for 450,000 Houses Destroyed

(By the Associated Press)

PARIS — While the peace conference leaders have been awaiting the outcome of Premier Clemenceau's injury to determine what the program of the conference shall be for the immediate future, the question of fixing the huge amount of money the enemy is to pay for reparation is taking such form before the commission on reparation that it may have to be referred to the main council and to the heads of the various governments owing to the seriousness of the main issue presented.

This issue turns principally on whether the cost to the various countries in conducting the war should be included in the claim, in addition to reparation for damages. It is maintained by those urging the negative view that the communication sent to President Wilson by the allies when they first accepted the German proposal for an armistice, declared specifically only for reparation and made no mention of the cost of the war. The latter however, now has become one of the chief claims.

The total amount to be required for reparation probably could be quickly determined, but the addition of the total cost of the war would swell the aggregate to such a stupendous sum that doubts are raised concerning the ability to collect it. In view of the importance of this issue it is probable that President Wilson and others in the highest authority will be consulted by cable and wireless as neither the commission nor the delegates have thus far been able to reach a decision.

In outlining tonight the difficulties met by the commission on reparation in determining the approximate amount of any one belligerent Captain Andre Tardieu of the French delegates to the peace conference said that France alone would present a bill for 450,000 houses which have been destroyed. This does not include factories destroyed. M. Tardieu said the allies had agreed that Germany must pay to the limit of her capacity.

Daily Weather Story

The highest temperature during the past 24 hours was 33 at 1 p. m. and the lowest was 29 at 9 p. m. Precipitation was .11. The sun will set at 5:37 p. m.

The disturbance from Texas reached the Ohio valley this morning. It is accompanied by rain or snow and warmer weather in the states east of the Mississippi valley. Another disturbance of the same sort is moving from the plateau regions toward the southern plains. It has been causing snow or rain on the Pacific slope.

WASHINGTON — Weather predictions for the week beginning Monday, issued by the weather bureau today are:

Region of Great Lakes unsettled first half of the week with occasional snows; generally fair second half; temperatures above normal as a rule.

Upper Mississippi valley snow over northern and rain or snow over southern portions, followed by generally fair weather thereafter. Temperatures will average above normal.

PREMIER IS ASSASSINATED TO SIDE OF RUSH BOAT

Was Socialist of the Radical Type; Headed the Spartacans

OPPOSED MAJORITY

Recently Went to Berne to Attend the Labor Conference

(By the Associated Press)

LONDON — Kurt Eisner, the premier of Bavaria, has been shot and killed.

The premier was killed this morning, according to a Munich dispatch received in Amsterdam by Lieut. Count Arco Valley. The count was wounded severely by a guard and is reported to be dying.

Kurt Eisner, who seized the reins of government in Bavaria after the deposition of the royal family was a socialist of the more radical type and recent reports from Munich have been that he was heading a Spartacan movement against the moderate and conservative factions in Bavaria.

The Arco Valley family has been prominent in Bavaria and Germany for years.

Eisner, a Jew, was born in Galicia and at one time was editor in chief of the Vorwarts of Berlin. He was arrested last April by the Bavarian government and was reported to have committed suicide in prison.

Eisner always had been opposed to the German majority socialists and had repeatedly attacked President Ebert and his colleagues. Late in November he severed relations with the Berlin government and there always has been some question whether Bavaria, if Eisner could keep control, would join the German republic.

Accompanied by guards in uniform and on a special train, Eisner went to Berne to attend the International Labor conference. At the Berne conference he attacked the German majority socialists, declared himself strongly against Bolshevism and he said that he knew of his own knowledge that the Germans had ill treated French prisoners of war.

BAN ON GRAIN IS CONSIDERED

Importation of Wheat, Rye, Barley and Oats May be Prohibited

(By the Associated Press)

WASHINGTON — Prohibition of importation of wheat, rye, barley, oats and rice, from Australia, Japan, India, Italy, France, Germany, Belgium, Great Britain, Ireland and Brazil is under consideration by the department of agriculture because of the prevalence in those countries of two destructive grain diseases, flag smut and whitehead or foot rot, also known as the take-all disease.

Receives Visitors

PARIS — During the forenoon Premier Clemenceau received his daughter, Madame Jacquemaire, and his granddaughter, and also former Premier Viviani, the Portuguese minister in Paris, and the Italian minister of finance. President Poincare called at the house twice to inquire after the premier's condition.

FOND DU LAC, Wis. — Sergt. Roy F. Elder, well known in Wisconsin as a newspaperman, who has been in the radio service at Camp Knox, died of pneumonia last night on the eve of discharge. He was employed on the Fond du Lac Comet during his newspaper career.

CLEMENCEAU REPORTED OUT OF ALL DANGER

Will Confer With His Officials Today Says the Report

BULLETIN

PARIS — Emil Cottin, the assailant of Premier Clemenceau, will be tried by courtmartial. Captain Bouchardon, who investigated the Bolo Pasha and other cases for the military court will conduct the investigation.

(By the Associated Press)

PARIS — Premier Clemenceau will receive his colleagues of the supreme council at his home this afternoon to discuss certain important matters with them. Announcement to this effect was made shortly before noon today.

His doctors consider him out of danger and therefore authorized him to receive the ministers this afternoon.

The physicians believed he could resume his political activities on Monday.

"Premier Clemenceau is progressing as well as possible. We shall not feel altogether reassured for 48 hours, but then he will be out of danger," said Georges Mandel, Premier Clemenceau's chief clerk, to Marcel Hutin, editor of the Echo de Paris, this morning. M. Clemenceau at that time was resting and

BOSTON — The cruiser Galveston was ordered today to speed to the side of the steamer George Washington approaching this port with President and Mrs. Wilson aboard, to take up the convey duty which the dreadnought New Mexico was obliged to abandon because of a striped turbine. Orders were also given to a small fleet of destroyers to prepare to put to sea within 24 hours to act as a naval escort of honor. The George Washington encountered a heavy storm at sea.

Joined By Ship

WASHINGTON — The Battleship North Carolina, returning from France with troops, has joined the Presidential transport George Washington and is proceeding with her to Boston, replacing the Battleship New Mexico which dropped behind with disabled machinery.

Diverted from her course yesterday on radio orders, the North Carolina reported today that she had come up with the transport. The cruiser Denver, ordered to sea to meet the George Washington had not reported her position early today.

To Speak Monday

WASHINGTON — President Wilson's first home-coming address will be delivered Monday afternoon at 8 o'clock at Boston and he will leave soon afterward for Washington. He is expected to be at his desk in the White House early Tuesday. Sec'y Daniels announced today that President Wilson would embark on the George Washington about March 5 for his return trip to France.

LABOR BOARD AWARD TO MACHINISTS

40 Cents for Men and 35 for Women to be paid From Aug. 1

WASHINGTON — Minimum wages of 40 cents an hour for men and 35 cents an hour for women in nine industrial plants at Madison, Wis., were awarded today by C. C. McChord, a former interstate commerce commissioner, acting as a war board umpire.

The employers are also required to establish a basic eight hour day with time and a half for overtime, double time on Sunday and to add 5 per cent to the daily wage of men on night work. Equal pay must be given men and women for equal work and all wage increases are made retroactive August 1, 1918.

The concerns affected by the award are the Southern Wisconsin Foundry company, Steinhilber Turret Machine company; Burgess Battery company; Northwestern Ordnance company; Gisholt Machine company; Fuller & Johnson; Madison-Kipp Lubricator company; Scanlan-Morris company and C. F. Burgess Laboratory.

About 3,000 are affected by the decision.

LANGUAGE BILL BY JOHNSON FOR PASSAGE

Committee Attaches
Amendment Eliminating
High Schools

The foreign language fight is scheduled in the assembly for next Wednesday. The state affairs committee of the house on Friday recommended for passage the Johnson bill with an amendment which prohibited the teaching of foreign languages below the eighth grade inclusive. The original bill also included high schools, but that feature of the measure has been eliminated. The assembly committee on education reported for death the Banting bill increasing the percentage to get on the party ballot from 10 to 25 per cent. It unfavorably reported the Ganz bill to hold the primary election in April instead of in September. It amended and recommended for passage the Markham bill to pay the actual expenses of delegates attending party conventions and to allow a per diem of \$3 for not to exceed three days.

Just at the close of the deliberations of the house on Friday Assemblyman C. C. Coe of Barron county announced that he would object to any further leaves of absence asked by members of the house.

Both houses of the legislature have adjourned until 10:30 on Tuesday.

ATTEMPT TO ROB OLIVER, WIS., BANK

(By the Associated Press)

SUPERIOR, WIS. — During the night an unsuccessful attempt was made to force open the safe of the Iron Exchange Bank at Oliver, Wis. Finger prints left on the safe have been photographed and the police are working on the theory that the men who entered the bank are the same that were recently involved in safe robberies at Duluth.

FRANK HIGGINS IS EIGHTY TODAY

Has Been in the State Service
for the Past Sixteen
Years

Frank Higgins, storekeeper for the superintendent of public property, celebrated today his 80th anniversary. He has been 16 years in the state service, coming here as a policeman under Colonel George E. Bryant, superintendent of public property. He was later promoted to storekeeper and has served in that capacity continuously. Mr. Higgins has served under five superintendents of public property, Colonel Bryant, Charles G. Bennett, William L. Exman, Otto A. Onstad and M. F. Blumenfeld.

Mr. Higgins began by teaching school, and stayed in that almost a quarter of a century. Senator La Follette attended his school the last year prior to entering the university. He served in the civil war. For many years Mr. Higgins possessed one of the best farms in Lafayette county, now owned by former Assemblyman Engstrom.

Friends tendered him a banquet just before he left Madison to spend his birthday with his daughter, Mrs. Fred Dugale at Platteville. At this he was presented with a loving cup. His wife died 12 years ago. Besides his daughter at Platteville he has a son at Battle Creek, Mich., Dr. H. C. Higgins.

OBITUARY

MRS. INGEBORG HOLLAND

Mrs. Ingeborg Holland, town of Madison, died Thursday night, aged 93 years. She is survived by three sons, Peter and Daniel, at home, and Sever Holland of Iowa, and three daughters, Martha J. Holland of Blomington, Minn., Johanna Holland of Colorado, and Mrs. M. Anderson at home.

Funeral arrangements have not been completed and will be announced later.

MRS. DOROTHY JOHNSON

Mrs. Dorothy Johnson of Deerfield died Thursday morning at 3 o'clock at her home after a long illness. She was 87 years old. She is survived by seven children, John and Sever Johnson of Waseca, Minn.; Ole Johnson of Tacoma, Wash.; Mrs. George Yates of Dodge Center, Minn.; Mrs. K. Evenson of Deerfield, Mrs. L. Julson and Mrs. H. Helgeson of Madison.

The funeral will be held from the home in Deerfield, Saturday afternoon at 2 o'clock and from the Liberty church at 3 o'clock.

MRS. EMMA GODENSCHWAGER

The funeral of Mrs. Emma Godenschwager, who died Wednesday, will be held from the Frautschi funeral parlors Saturday afternoon at 2 o'clock. The Rev. Henry Guy Goodsell will officiate. The pallbearers will be David Memhard, Christ Swenson, Henry Lenz and M. V. Latchford. A double quartet of the Maennerchor will sing at the services.

AT THE THEATRES

ORPHEUM

Roubie Sims, a comedy cartoonist who is very handy with the crayon, starts the fun in the show which is now at the Orpheum. Sims is tall, and his make-up would remind one of "Mutt" of "Mutt and Jeff." The real treat of the evening was the wonderful exhibition of daring equilibristic work, by the Ambler Bros. They are programmed as "America's Foremost Equilibrists" whether that is true or not, we do not know, but it is true, that they are the best that have appeared here.

Lola Fatima & Co., with Clemence La Roche, a soprano soloist, offer an Oriental fantasy that has some pretty numbers. Kaufman & Lillian, in songs and dances are pleasing, especially the closing part of their act. Roberts, Pearl & Straw, two men and a woman provide much comedy for fifteen minutes.

**BE PRETTY! TURN
GRAY HAIR DARK**

Try Grandmother's old Favorite
Recipe of Sage Tea and
Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

HOT TALK IN COMMITTEE ON SOCIALISM

Tilt Between Fons and Turner Over New Tax Measure

A lively discussion of socialism resulted from the consideration of the Arnold bill to amend the inheritance tax law, before the senate committee on corporations Thursday afternoon and for a time personalities were hurled fast.

Senator Arnold explained the provisions of the bill to increase the rate on the inheritances and was supported by Glen P. Turner, lobbyist for the State Federation of Labor. Turner declared the war will have to be paid for in taxes. He estimated that the taxes in Wisconsin will have to be doubled to pay Wisconsin's share of the war debt; that the Federation of Labor was in favor of increasing the tax rate on incomes and inheritances; that the labor unions believe the taxes raised on incomes alone should be sufficient to conduct the government.

Senator Fons asked Turner if he did not represent the socialist party.

"No. I am a member of the socialist party, but not here to represent it," he said.

"What office do you hold in the party?" asked Fons. "Are you an organizer or just an agitator?" "I was an organizer for the Non-Partisan league last summer for a time," said Turner. "But that party has nothing to do with the socialists. I am here to represent the state Federation of Labor. I might add that the Machinist union, to which I belong, believes that all inheritances over \$50,000 should go to the state."

Senator Buck asked Turner and Arnold how many socialists would come within the provisions of the inheritance tax bill and when told not over 5 per cent, he said, "Well something is radically wrong then, for I understand you have a great many members who are over 60 years of age, and still they have saved nothing to pass on as an inheritance to their families."

Arnold claimed it was because labor has been underpaid. He said in normal times from 1,000,000 to 3,000,000 men in this country were in enforced idleness.

Asked how they would have an 80 to 100 per cent inheritance paid when a man would die and leave to his family, his wife and children, a manufacturing plant worth \$1,000,000? Turner answered that 80 or 100 per cent of the value would have to be paid to the state.

"But the inheritance is in stock in the plant and not in cash," said Senator Buck. The socialists declared the stock could be turned over to the state.

"Then you maintain this bill is in reality a measure for government ownership?" asked Fons.

"Yes and no," said Arnold. "We believe in government ownership and this will help get it." Turner declared two of the largest manufacturing plants in Madison are owned and operated by the government.

The committee will report the bill for indefinite postponement.

EDNA FERBER, AUTHOR OF "EMMA MCCHESENEY," ADDS FAME TO THETA SIG

No other writer of the present day has had the meteoric rise in the world of letters that has come to Edna Ferber, according to an editorial in The American. Her first story, "The Frog and the Puddle," was published in this magazine in March, 1911. In August of the same year her famous "Emma McChesney" stories made their debut. They have since been dramatized as "Our Mrs. McChesney," and both Ethel Barrymore and Rose Stahl have played the title role.

In the past eight years Miss Ferber has had short stories in Everybody's and McClure's as well as a great many more in The American. Of her collection of

Do You Really See Your Own Home?

Did you ever try pretending you were a stranger in your own house? That dining room table—you'd never have dreamed it was so terribly scratched and looked so badly. Those chairs are not suited to any room except the kitchen; however, figuring the twenty odd years you've had them they certainly owe you nothing—and who would have chosen that living room set? Not you, surely! It's apt to be a bit discouraging, this scrutiny, unless you know someone who will make constructive suggestions.

That's just the idea—Haswell's specializes in furnishing new homes and in making old homes look new. Haswell is well known for gladly furnishing suggestions you'd enjoy knowing.

Come and see us and put us to the test. Try our suggestions on your home and we will thus add another satisfied customer to our list of hundreds in Madison and vicinity.

WOMEN IN INDUSTRY

THE question, What is to be done with the woman who has taken a man's place in industry? is proving a puzzle both to labor leaders and employers.

Ever since America declared war on Germany, thousands of women, who had never before worked outside of the home, have been induced to enter productive industry not only for patriotic motives but for economic reasons as well. And this issue is not to be scoffed at or waived with a laissez-faire reply, as approaching conditions make it imperative that some sort of a solution be found, if labor disturbances are to be avoided. The problem can be considered from three aspects, which, though closely related, can be taken up individually: the labor view, the employer's view, and society's view.

Most labor men, because of our competitive economic system, look with disfavor upon women entering manufacture—especially in trades which, previous to the war, were dominated by men. And though few of them have openly opposed women's entrance into industry, it is, nevertheless, patent to persons acquainted with labor currents that men, for self-protection against unemployment, must prevent women from swamping organized trades, or those which are being organized, if their efforts to secure better labor conditions are not to be thwarted.

The reason is simple. Labor has learned from years of bitter experience that most women make poor union "material," and that their stay in industry is only a temporary one—a bridge, (which is growing more uncertain and shaky) to matrimony. For that reason women care very little about becoming members of a labor union. All that a working woman wants, the average man thinks, is to earn "pin" money, or enough to make herself attractive to some man to "take" her. This is true of at least 90 per cent of the women in industry today, at least, they would have it that way. This is not, however, the case with the average college or professional woman, nor does it apply to the feminist or "modern" women, who is usually economically independent and not compelled to marry for a "meal ticket."

Labor's chief objections to women entering industry on a large scale are that they "have a tendency to weaken the fighting spirit of labor," specially during strikes and to "reduce wages." It is the latter which is the soundest, and which is, in the long run, indisputable. For convincing proof all one needs to do is to compare the wages and labor conditions in trades in which men dominate with those in which women are in the majority. It cannot be denied that in work in which men are the backbone wages are higher and hours are shorter. In fact, it is this condition which gave the stimulus to the minimum wage legislation in the western states.

The recent successful strike of the street-car men in Cleveland, demanding the discharge of the "conductorettes," is but one phase of organized labor's open hostility to woman labor. The street railway men's union justifies its action on the ground that they had the choice between demanding the dismissal of the women conductors, or allowing their organization, which they had built up at great expense and sacrifice, to go to pieces. In fact, this is just what has happened in a few small cities where women were employed on street cars.

So incensed are labor women over the action of the Cleveland street-car men, that Miss Mary Van Kleeck, director of the women in industry service, speaking before the American Association for Labor Legislation in Richmond, Va., declared that "The demand of the men's union (Cleveland) for their discharge (women conductors) is a danger signal." She also emphasized that women's labor unions would be organized to fight the men's unions, if they continued to oppose the entrance of women in industry. It will be intensely interesting to watch further developments.

To explain the men's attitude, it is important to point out that they are opposed to women going into industry not because of any inherent hatred of jealousy, but because of "economic determinism." In other words, it is purely a bread-and-butter question. And only the working man, who is dependent for employment upon the whims of the labor market, can fully appreciate the gravity of this question.

There is little doubt, however, as to the position taken by the employer. Perforce, he is an ardent advocate of woman labor, especially those employers who have a highly developed, or an extensive machine production. The entrepreneur, also, is for women labor, as he is duty-bound to his stockholders to produce maximum dividends. To many this not only means a maximum efficiency in production, but also paying the lowest possible rate of wages. And women and children are more submissive than men, as they usually have no labor organization to support them. It is apparent, then, that the competitive system forces the employer to hire his help as cheaply as can be secured in the labor market. It is wholly unlikely, then, that the average employer, having replaced high-waged men with low-waged women, will be any too eager to take his men back, when he can have women at a lower wage, do the same work.

Democratic society, on the other hand, unlike the employer and the employer, must look upon the economic struggle between the sexes with a broad vision. It cannot afford to act ignorantly or in a partisan manner, as what is an injury to one member is

an injury to all. Moreover, there is no intelligent reason why in this stage of economic development there should be a struggle for jobs between men and women. Work there is plenty for all; in fact, there is now too much for one group and not enough for another. It is only a readjustment of labor conditions that is necessary to give every able man and woman a fair share in production.

Economic opportunities for women, in spite of the labor union's opposition, are becoming more numerous every day, just as industrial development is proving a boon to women, especially to those seeking a broader and more independent life in the community. And though society is desirous of obliterating many economic inequalities, it is, nevertheless, compelled to step in and prevent women from entering industries which are regarded as prejudicial to their health. And it is because woman's inability to protect herself in industry that the state has been compelled to enact special legislation to protect her, from the employer on the one hand, and from the working-man on the other.

DO NOT EMBARRASS THE PROFITEERS

WHEN Senator Severson's bill for publicity on the income tax was before the senate Senator Witter opposed the measure.

He contended that publicity of the income tax would work trouble among businesses that are competitive.

Senator Witter is close to the paper manufacturing interests of this state.

Will Senator Witter say that there is any REAL competition among the paper mills?

Doesn't the man out in the market to buy paper know that he is up against a proposition where the manufacturers are working in concert?

If there had been any very serious competition would the profits of six of the big paper mills jumped from \$441,710 in 1915 to \$4,754,769 in 1916?

One of our prominent paper manufacturers, engaged in profiteering, was indicted by the federal government. He paid a fine of \$5,000—a mite to him.

Do we put our profiteers to jail?

Of course not.

We fine them, (SOMETIMES), then we honor them.

The governor recently gave this gentleman a place of honor and responsibility in the state administration.

And not a word of objection was voiced when he was confirmed by the senate.

No, we must deal gently with our profiteers. We must not embarrass or inconvenience them.

We must keep THEIR business confidential says Senator Witter.

It would be very embarrassing to give too much publicity to the profits made by some of these paper men.

THE EVANSVILLE AFFAIR

The Capital Times is in receipt of a clipping from the Evansville Review regarding an article which recently appeared in The Capital Times signed by the Rev. William Pearce, former pastor of the Baptist church at Evansville. The communication signed by "Patriotic Citizens of Evansville" deprecates the publicity that has been given Evansville as a result of the letter dealing with outrages committed in Evansville.

The communication of the citizens deals very lightly with the fact that an 80 year old woman was taken out, placed in a circus stage and drawn up and down the streets of Evansville.

Why don't the "patriotic citizens of Evansville," explain that incident more fully in their communication? The communication follows:

—Editor of The Capital Times.

The above letter appeared in a late issue of the Madison Times, and if the source from which it emanates were the only consideration, no answer would be needed so far as this community is concerned. The article, however, is such a libel on Evansville and vicinity that it seems best that some answering comment be made.

No community in the state has been more loyal, has donated to war charities more liberally or has more cheerfully taken its quota of bonds and other securities for the support of war measures.

In the first place, the people of Evansville and vicinity, not only were not opposed to the War Chest Fund collection under the "Your Share is Fair" plan, but every citizen of Evansville with one exception cheerfully paid his share and there was absolutely no criticism on the plan and the method of its administration. Campaign for funds everywhere met the cheerful cooperation of the citizens and were complimented, not only on the plan, but on the way it was carried out.

We are surprised that a paper which pretends to be fair and progressive would publish an article of the character of the above before taking some steps to investigate and verify the statements contained in it. It is a libel on the citizens of Evansville and a tissue of lies from beginning to end.

So far as the celebration referred to in the above communication is concerned, we can only say that it was purely a spontaneous affair, no plans having been made and everything that occurred was done on the spur of the moment. With one exception there was nothing that occurred that need bring a blush of shame to any citizen of Evansville, but, on the contrary, was a credit to their patriotism. No patriotic citizen was interfered with, no excesses were indulged in and we

have no apologies to make for anything done, but, on the contrary, we feel that the doings of the day were a credit to the patriotic citizens of Evansville.

To refer again to the source of the above communication, all we can say is that it explains on its face the reason for the venom displayed. The writer of the article repeatedly showed his antagonism and opposition to the patriotic endeavors of the citizens of Evansville and his actions were such that he had forfeited all right to the respect of the community.

When Company M boys were assembled prior to their leaving for the war, the citizens of Evansville planned a reception to which the writer of the above article was invited and which invitation he ignored. During the summer of 1918 the citizens of Evansville planned a patriotic Sunday including union religious service and the writer of the above article was put upon a committee to secure speakers. He flatly refused to participate and when his congregation turned him down and united with the other churches, he left the city and was gone during the whole day. This is a fair example of his actions during the whole time and all we can say is that, if the celebration, on November 11, 1918, was the reason for his leaving Evansville, that it is too bad the celebration did not occur earlier.

Evansville and vicinity has gone "over the top" in everything asked during the war. It provided more than its quota of soldiers; it contributed more than its percentage in the "Your Share is Fair" campaign; and it was the only community in the county of Rock that went "over the top" on every war loan. If these be signs against patriotism and patriotic and decent citizens, then we glory in our iniquity.

Patriotic Citizens of Evansville.

AT THE THEATERS

A DOG ACTOR THAT EARNS A SALARY.

"Duke," the famous bloodhound attached to the "George B. Jashber Detective Agency, No. 103," the main office of which is in the Schofield barn, will be on exhibition on the stage of the Fuller, Monday night Feb. 24th.

The band of trusty sleuths is presided over by Penrod Schofield, and is composed of Sam Williams and Herman and Verman, the latter being two little colored boys who live in the back alley. The secret activities of this noted band are concentrated on running to earth that famous scoundrel "Dede." The head of the "Jashber Agency" has positive evidence that Dede was once a horse thief, and that settles it. Dede must be captured. The faithful bloodhound is kept tied up in the barn, or rather the Detective Headquarters, awaiting the moment when he shall be released and set upon the trail of the criminal.

New "Duke" isn't a real bloodhound at all, but just a good Scotch terrier that came from Fire House No. 11, down near Peck's Slip, on the East River, New York City. Fire Company No. 11 had been trained for the army at Fort Wadsworth, down on the Narrows, the past spring and summer, and expected to be sent to the trenches in France. If hostilities hadn't ceased they would have gone and taken "Duke" as their mascot. So, as long as he couldn't be a soldier, "Duke" turned actor, and a very satisfactory one he is too. He is the type that Tarkington's idea for this certain dog called for, and he is intelligent and amiable.

But Klaw and Erlanger and George C. Tyler, the proprietors and managers of the comedy of "Penrod" do not own "Duke" and they couldn't buy him. Every week the manager of the "Penrod" company sends a blue envelope to the Chief of Fire Company No. 11, and it contains \$10,000 as "Duke's" salary.

AT THE FULLER

Penrod and Sam in the Comedy of "Penrod" at the Fuller, Monday night, Feb. 24.

Catherine Cushing has added to the joy. Pollyanna, herself, is a little girl, the daughter of a minister in a remote rural district. The church of which her father is the pastor is very poor and the family, for existence, has to depend largely on barrels of clothing and provisions sent by the Ladies' Aid society of a rich city church. It is out of these barrels that Pollyanna has derived all her Christmas presents, although often times the barrels yield only the practical things of life. For instance, Pollyanna once set her heart on becoming the possessor of a doll. She longed to mother a doll. But when the barrel came, instead of what she had hoped and prayed for, there came a pair of crutches. And what use had a bright, healthy little girl for crutches? She had used— they served to make her glad that she did not have to use them. That's the spirit of Pollyanna.

GRAND

Anita Stewart returned to the Madison screens yesterday when she appeared at the Grand in "Virtuous Wives," adapted from the well known story by Owen Johnson. Miss Stewart's absence from the screen makes her appear prettier than ever and her acting in the role of Amy Forrester displays talent and charm. She makes the role one that the girls will love.

"Virtuous Wives" is a ruthless exposure of a certain strain of society where the wives play with other men while their husbands are busy filling up fortunes. The story which is unusually interesting is told with force and appeal. The settings are lovely in the extreme, and the supporting cast is all that could be desired. Mrs. De Wolfe Hopper gives a vivid performance and the late Edwin Arden as Delabarre was without a flaw. Capacity houses greeted the picture on the opening day.

Property and Business Back of Our 7% Notes

This advertisement answers an inquiry made by several buyers of our 5-year 7% bond-secured Gold Notes. They want to know, in substance, how we can promise to pay 7% interest on a \$3,600,000 Note issue when our witnesses tell the Legislative Committee that our street railways are earning only two or three per cent. yearly on our State-appraised investment in them.

The Electric Company is borrowing money to increase its investment in Milwaukee and in the cities and towns of the Milwaukee district, because the public demands more electric power, light, heat and transportation service from us than we can supply with our present equipment. We are borrowing the money here at home, direct from our customers and other friends, because we want more home folks interested with us in this business. The 7% Notes are a safe investment for these rea-

The electric service department is earning a more satisfactory rate of return than our street railway department. Combined earnings of our electric service and street railway departments are more than sufficient to pay operating costs and interest on our bonds and notes, including this issue. Existing rates and fares, if continued unchanged, could not deprive our bond and note holders of their due, but would deprive our stockholders of a large part of their due. If we did not believe in the business honor of the State of Wisconsin we certainly would not borrow a dollar to increase our investment in this property whose earnings the State controls.

as the City of Milwaukee itself. Our properties are well planned and well built. They have been appraised by the State. There is no "water" in the business. The value of the property and business exceeds by more than \$16,000,000 the present value of all outstanding bonds and notes, including this issue. For many years past The Electric Company has been known in financial circles as one of the solidest and best public utility properties in the United States — as solid as the community it serves.

We offer our 5-year, 7% Notes for sale to our friends here at home because the Notes pay a good rate of interest; because we know they are backed by ample property security, and because we believe they are amply secured, as to earnings, by the good faith of the State of Wisconsin, which controls our earnings, and which authorized us to sell them as in the public interest.

The Notes are on sale at par in \$50, \$100, \$500 and \$1,000 sizes. Buyers collect the 7% interest twice a year—3½% May 1, 3½% November 1, by clipping interest coupon and taking it to the nearest bank. Purchase money will be repaid in cash November 1, 1923. In case of need you will find the Notes easy to sell.

SALES OFFICE: Securities Department, ground floor, corner Third and Sycamore streets PUBLIC SERVICE BUILDING, Milwaukee, Wis. OPEN FROM 8 A. M. TO 9 P. M. Telephone Grand 123 and ask for Securities Department. Out of town buyers are asked to order direct from the Company, at above address. Notes, if desired, will be delivered through your home bank, C. O. D.

WOULD CHANGE DANE'S NAME TO BABCOCK

Beloit Pastor Things Titles of Some Counties Should be Erased

That the Wisconsin legislature will take little interest in the changing of the names of nearly half of the counties of the state as proposed in a statement issued by Rev. George W. White of Beloit is the comment made by many of the leaders in both houses here. Under the plan which he has suggested nearly half of the counties would be given new names. Indian names would be generally relegated and the names of Wisconsin statesmen and pioneer substituted. Dane county in whose borders the capital is located, would have its name changed to Babcock, in honor of Dr. S. M. Babcock, Madison, inventor of the milk test. The northern part of Douglas county would be changed to Superior county and the southern portion would be called Farwell county. A part of Trempealeau county would be given to a new county of Hastings. Jefferson county would be given the name of Hoard, and new counties would be created by rearranging the present counties, in honor of General Joseph Bailey of civil war fame; Colos Bashford, an early state governor; General E. S. Bragg, of the Iron Brigade; Alfred Brunson, a pioneer missionary and author; I. C. Lamham, a Wisconsin geologist; Isaac Stephenson, former United States senator; J. H. Rountree, an early pioneer legislator; L. P. Harvey, a civil war governor, and others.

There is now pending before the legislature the creation of a new county out of parts of Taylor, Clark and Chippewa to be known as Pershing county. The new county would be named after General Pershing. Residents of Stanley are back of the move, and in case the county was created, Stanley would be the county seat. Pershing county would have a population of about 18,000, according to the proposed boundaries. Former Assemblyman T. B. Culbertson, Stanley, heads the list of names registered to fight in favor of the bill. Former Assemblyman Weston Woodard, Chippewa county, will oppose the plan.

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else, that makes so many people weak, listless and unattractive; saps their strength and energy; robs them of their vigor and vitality. Blisters, bad liver, nervousness, bleeding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common cause—an acid-stomach. Take EATONIC and get rid quickly of the pains of indigestion, heartburn, the horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating, sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess harmful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

SMALL PACKERS ASKED TO FIGHT MEAT COMBINES

Food Administration Points Possibilities for Independents if Organized

CHICAGO—A meeting which may result in the formation of an expert association of independent meat packers to contest the foreign field with the "Big Five" was held here today, representatives of 70 packing companies from many sections of the country being present.

The meeting was called by the Food Administration and was addressed before it formally organized by Frederick S. Snyder of Boston, chief of the meat division of the Food Administration. Mr. Snyder pointed out that the independent packers under regulations by the Food Administration exported 88 per cent of the pork products shipped abroad after the United States entered the war. The meat division, he said, was about to cease functioning and he said he called the meeting as a matter of fairness to point out that if the independents desired to continue in the foreign trade it was incumbent on them to establish some system of their own.

Charles O. Herlick of the Brennan Packing company, Chicago, was elected permanent chairman.

Yes, S. S. S. is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases.

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy for practically every ill and ailment of mankind. Medicines made from roots, herbs, and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane,

producing chronic dyspepsia and often entirely ruining the health. S. S. S. is made entirely of gentle-acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store to-day. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. CONDITIONS AT BREST O. K'D BY ARMY CHIEF

Pershing Denies Stories That City is Menace to Health

WASHINGTON—Health conditions at Brest, France, general camp conditions and the method of handling troops through that camp have "received high praise from all who inspected them since the first formative day," General Pershing reported today to the war department. The message said General Pershing himself, General Harbord, his chief of staff, the chief surgeon and the inspector general of the American Expeditionary forces had all personally inspected the camp during the last month.

Conditions at the camp have been described as "terrible" in published reports and by witnesses before congressional committees. Tables of hospital rates were included in General Pershing's report.

"More than 985,000 men entered France via Brest," the cable states, and "over 165,000 left Brest." Total deaths among all these transients and among the permanent garrisons from November 12, 1917, to February 7, 1919, were 1,311. Deaths on incoming boats or by the time patients reached hospitals at Brest, 2,191; of these 1,817 burials occurred in September, October and November, last, when influenza and pneumonia cases were arriving on transports from the United States and were in no way due to any health conditions existing at Brest."

IS RICKARD'S CONTRACT WITH DEMPSEY ILLEGAL?
NEW YORK—Tex Rickard's contract with Jack Dempsey is illegal in the strict interpretation of New York law, according to Emmanuel Tacker, a local attorney. The fact that the papers were signed in New Jersey, the attorney says, makes no difference, as the penal code makes it unlawful to agree to terms for a boxing contest within the jurisdiction of New York law, which was done in the case of Dempsey. Rickard will deem it necessary to draw up a new contract furnished matter for speculation among boxing fans on Thursday.

Michigan to Fight Maroons
All eyes in the conference will be turned on the Chicago-Michigan scrap tomorrow night at Ann Arbor. Michigan has failed to show up brilliantly this season, but is out strong for revenge on the Maroons because of defeat on the gridiron by their old rival last fall. Minnesota will begin its road trip with a game at Indiana, and Illinois will try to turn the tables on Purdue after losing its first contest to the Boilermakers, 16 to 13, on Jan. 18.

BADGERS HAVE EDGE IN FIGHT WITH PURPLE

Zuifer, Knapp, and Weston Form New Machine Unknown to Northwestern

By BERTRAM G. ZILLMER
Ready to assault the Purple stronghold with the fighting spirit and driving force that beat Iowa and nearly upset Illinois, the Badger basket squad will entrain tonight for Evanston. Following the Northwestern battle tomorrow night, the Cardinal players travel to Indiana to meet the Hoosiers on Monday.

With Bauer out of the game for at least two weeks, Coach Lawman is again called on to shift his lineup. As a result of his collision with Wilson in the Illinois game, the speedy little forward had six stitches take into close a gash above his left eye and is now laid up in the hospital.

Purple Meets New Lineup
Northwestern will find a different combination to solve in the Badger lineup than in the first contest here on Jan. 11. A weak and inexperienced Wisconsin five then held the Purple team to a 20 to 15 score. In tomorrow's game the Evanston quintet will get its first taste of the floor work of Zuifer, Knapp and Weston, none of whom were on hand for the opening encounter here.

With this added strength in the Badger's favor, chances look bright for revenge on the Purple.

Since their victory here, the Purple five has met defeat twice, at the hands of Iowa and Chicago. Iowa won its game at Evanston by one point, 29 to 28, but even this close victory looks hopeful for Badger prospects. Two of Northwestern's victories have been captured by one-point margins, 17-16 against Michigan and 22-21 against Purdue. A second game with Purdue Monday night resulted in a win by a 32-27 count.

Zuifer in Center Position
Coach Lowman was handicapped in practice work this week by the absence of Zuifer, who was called to Great Lakes to turn in a report at the naval station. The basket captain is expected back today, but in any event will be given leave to play in the game tomorrow night at Evanston.

Capt. Zuifer will probably take the center position, as in the Illinois contest. Knapp is certain to hold one of the forward jobs, and McIntosh looks like the candidate for the other forward post held by Bauer.

Weston and Pense will go in at the guard positions, unless Coach Lowman decides to use Weston at forward. Barlow would then work in at the other guard. Eight men will probably make the road trip, as extras will be needed for the Indiana contest.

SMITH LEADS CANADIAN BOWLERS

Milwaukee Five Takes 8th Place in L. B. A. Meet With 2,786

ST. PAUL—The Fred G. Smiths of Milwaukee tied for eighth place in the international bowling tournament here Thursday night with a score of 2,786. Their score for the first game was 981, they counted 926 in the second and 879 in the third. Jimmy Smith, world's champion bowler, rolled for a total of 617. He is leading in the all events competition in the Canadian tournament at Winnipeg with a total of 1,848 pins.

The high teams in the doubles and singles held their places. Three new teams appeared in the first 10 of the five man class, the St. Francis Hotels of St. Paul getting fourth with 2,766.

Thursday's best score in the doubles, 1,140, secured eighth place for Black and Whiton of Minneapolis.

HALL AND OMTVELDT TO COMPETE IN SKI MEET

STEAMBOAT SPRINGS, Colo.—Famous ski jumpers, fresh from their efforts at the annual national tournament at Chippewa Falls, Wis., are here today for the opening of the annual Steamboat Springs Ski Carnival, which will close tomorrow. Though the snowfall is somewhat less than usual, the course, said to be the best in the world, is in excellent shape and records may be broken today or tomorrow.

Among the well known entrants is Henry Hall, holder of the world's record jump of 203 feet which he established here March 2, 1917. Another entrant is Ragnar Omtvedt, winner in 1916 with a jump of 192 feet 9 inches.

MOHAWK FIVE DEFEATS L. A. C. LIGHTS, 24-7

The Mohawk basketball five won its second game with the Lincoln Athletic club lightweights, 24 to 7, Thursday afternoon. The lightweights won the first game, and a deciding contest will be played soon. Sutton starred for the Mohawks, second in the latter's 17 to 10 victory over the Demons in a last game.

The Lineup:

PROTECTION IS URGED AGAINST LAND 'SALESMEN'

Many Dealers Sell Same Property Many Times, Speaker Declares

In speaking before the State Real Estate Brokers' association today at Madison, Commissioner C. P. Norgord of the State Department of Agriculture, on the subject of "Future Developments in Land Settlement," set forth the following points:

The future policy will demand protection from the state for settlers as well as honest dealers, against land concerns doing dishonest business and taking advantage of settlers. Legislation now pending before many states, Wisconsin included, is all providing for this. The immigration division of the State Department of Agriculture has protected many settlers against fraud, these numbering the past year over 1,300. More legal protection for this type of work must be provided.

Certain land dealers in large cities outside of the state are selling the same piece of land again and again, thus fleecing many honest, unsuspecting persons out of their property and equity.

The Wisconsin land policy as carried out by B. G. Packer, immigration director, of the Wisconsin Department of Agriculture, has been recognized by the federal government, and other states, as the most effective and protective policy for the settler as well as for the successful promotion of the state. Other states are building upon it as a basis.

COPENHAGEN—Prince Joachim of Prussia was not involved in the incidents at Munich on Wednesday night, according to a dispatch received here which adds that the prince and his consort are returning to Russia under escort.

Better be Careful About Your Kidneys

By N. B. COOK, M. D.

Food taken into the stomach goes through various chemical changes, and some of these changes are poisons that must be lifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning signals telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, bluish under the eyes, thin blood, dry skin, itching in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce's Anuric Tablets, a compound which he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and this is saying a great deal.

LA FOLLETTE IN HOT ADDRESS IN THE SENATE

Discusses Causes of Discontent Now Existing in Country

(By the Associated Press)
WASHINGTON, Feb. 20.—Senator La Follette vigorously defended his loyalty in a long address in the senate on what he pictured as causes for popular unrest in the United States. He declared he would no longer permit aspersions on his loyalty and that his sole aim was to preserve pure democracy in this country.

Speaking in favor of increasing salaries carried in the legislature, judicial and executive appropriation bill before the senate, Senator La Follette attacked big business interests and especially meat packing firms as being largely responsible for high cost of living and consequent unrest. He also charged that the administration had failed to enforce the Sherman anti-trust law.

Senator Underwood of Alabama made a heated reply. He declared that congress had always been responsible to the will of the people and said there was no anarchistic sentiment in the United States "no matter what the Wisconsin senator may dream."

"I will no longer permit any one to asperse my loyalty to this government," shouted Senator La Follette. He said he was seeking to preserve "purity of American democracy."

TAFT MAKES HOT REPLY TO HIS CRITICS

Says Peace Pact Would Extend Monroe Doctrine to Whole World

(By the Associated Press)
SAN FRANCISCO, Calif.—Former President Taft last night replied to his critics and opponents of the plan for the establishment of the league of nations.

"Senator Borah wants to know, in what he calls an open letter," said Mr. Taft, "whether I would consent to a league of nations in which the Monroe Doctrine is not recognized."

"Article X of the covenant drafted in Paris extends the Monroe Doctrine to the entire world and gives it the backing of the entire world. Consequently it recognizes the Monroe Doctrine and I am in entire support of the covenant."

"The wild words of Representative Fessenden and Senators Reed and Poindexter, shot out into the air on the theory that the people of this country do not read or that they will accept their bald statements unquestioned would be humorous if they were not the utterances of such eminent and learned gentlemen."

CAPT. MACNEILL STIRS AUDIENCE WITH ADDRESS

Pays Splendid Tribute to Courage and Perseverance of Canadians.

Tales from the front line, first hand experiences, and vivid descriptions of the battle fields of France were given by Capt. MacNeill of the first Canadian army at the opening address of the religious conference before a large crowd in Lathrop gymnasium at 3:30 yesterday.

"Although the war is over, we must still stand firm against the most sinister evil of all," he said, "that evil that is best represented by the tyranny of Germany, that evil that imperils all those ideals won for us by the blood of those men who gave their lives out yonder."

"They shall not pass." Righteousness, justice, love, father, mother, wife, child, God—all these things must be kept safe or we shall die in our service in our attempt to preserve them."

Praises Canadians
Capt. MacNeill paid splendid tribute to the courage and perseverance of the men he had known best—the Canadians.

"They never failed in a single task to which they were set, and they never lost an inch of ground they were sent to hold," he said.

In speaking of the service France had rendered the world, he paid equal tribute. "For seven months France stood rooted to the ground between tyranny and the world's hope and faith."

The one thing that helped those men who spent their days and nights in the mud and stench of the battle fields was the way the had of making light of their privations.

"They would wrap their troubles up in a song and laugh them to scorn," he said.

Stunts Aid Morale
Concerts and "stunts" of various kinds helped them to forget and lose "that haunted look" as he called it.

The amount of talent to be found in even the smallest group of men was surprising, he declared, and he illustrated his point by reciting several songs and parodies that had been used at these impromptu programs.

Three things stood out as the chief things to look for in the lives of these men—mail, pay day, and peace—not peace at any price, he explained, but the peace that should make all the big things of life safe, and worth living for.

At the meeting yesterday, President Birge introduced the speaker. Alfred Willet led the singing, and solos, "Hills," by Orr, and "The Glen Halk," by Orr, and "The Spanish Serenade," by Kreisler.

Capt. MacNeill will continue giving his message from the front line in the meeting tonight at 7:30 in the Men's gym and tomorrow.

7 UNDERCLASSMEN AWARDED NUMERALS

Class numerals were awarded to five freshmen and two sophomores yesterday at a meeting of the Athletic board. They were given to the winners of events in the inter-class track meet. Shoemaker '21, Jung '21, Spetz '22, Graf '22, Sundt '22, Stolley '22, and Lewis '22 will receive their class numerals.

Steps were taken by the board to complete the organization of an honorary freshman athletic society. Bernardo Elson was elected president, Maurice Hanson, vice-president, and Bert Mann treasurer of the organization. A nominating committee was elected consisting of "Chum" Spengler, "Mike" Ramsey, and H. H. Hsieh.

Campus activities over this week end are largely events held in honor of America's first hero, George Washington.

FLAG BILL IS RECOMMENDED FOR PASSAGE

Knappe, Socialist is Only Opponent of the Measure

Although no active opposition materialized at the hearing Thursday afternoon of the committee on state affairs to consider the Kandutsch bill prohibiting the use of the red flag, several questions were raised as to how the measure would affect display of emblems of labor unions and other organizations. The bill was recommended for passage with Knappe in opposition.

Assemblyman Knappe, socialist, asked Mrs. R. H. Hess, representing the War Mothers of America, who appeared in favor of the bill, whether she was in favor of preventing soldiers who returned from Europe from displaying the red flag.

"They should most decidedly be prohibited from displaying the red flag," said Mrs. Hess. "I do not believe in the first place that any soldier would want to do it. Any service that he might have rendered to his country would be completely blotted out by allegiance to the red flag."

Representatives of the health department raised the question of whether the bill would prevent the display of a red emblem to designate places in which there were cases of contagious disease. They were told that provisions of the bill would take care of that situation.

Glenn Turner, who represents the State Federation of Labor, said he did not oppose the bill, but wished to know whether it would prevent certain unions from carrying their insignia in parades. He was told that an amendment which has been offered would not stand in the way of lodges and societies retaining and displaying their present emblems.

Prof. E. A. Gilmore appeared to urge passage of the Buckley bill of the statute pertaining to the desecration or improper use of the flag. He claimed that the bill made no changes but only made clearer those sections which prevented the use of the flag for advertising purposes. He said that he represented the Wisconsin commission to promote uniformity in laws and that the bill was drawn up in conformity with the ideas of the National Conference of Commissioners on Uniformity.

In reply to a question from Mr. Turner, Prof. Gilmore gave it as his opinion that it is illegal to wear a lapel button with an insignia of the flag on which letters of any kind appear. There was no opposition to the bill. The Buckley flag bill was recommended for passage unanimously.

NEWS RECEIVED OF JACK CHILDS'S WORK

Professor C. G. Dittmer, assistant professor in sociology at the university last year, who is now professor in the Tsing Hua college, Peking, China, mentions the work of Jack Childs in a recent letter to Prof. E. A. Ross. He writes as follows:

"I must not close without mentioning the work of Jack Childs in Peking. The last time I spoke to you of him I was a bit skeptical as I had not even heard his name in Peking. There was a reason, however. He was in a language school, and had his nose to the grindstone."

"Now he is on the job and is by all odds the best known secretary in the city. He seems to be specializing on students, and is doing a big work. He even comes out to Tsing Hua where he acts as a sort of advisor to the Y. M. C. A., and holds some Bible classes. He is a big-hearted, whole souled man with a real social vision, and we all respect him."

NOLAN SEES SPECTACULAR IN RACE MADE AIR PROGRAM

Big Banquet of Wisconsin Real Estate Convention is a Success

Declaring that autocracy and kaiserism had been destroyed in the world, but that another world force had been let loose that menaced democracy, Speaker W. L. Nolan of the Minnesota legislature, in an address here before the Wisconsin Real Estate Brokers' convention, Thursday night, declared that this new danger of Bolshevism must be met in a steady and in an American manner.

"This element is small, but the danger lies in what they do to poison the minds of other Americans," declared Speaker Nolan. He declared that there were four great parties in America and that the democratic, republican and prohibition parties had declared for America.

"But while these three parties declared for America, the socialist party met in St. Louis and declared Against America," continued Mr. Nolan. "I think it is time for these secessionists to come back into the American field or pack up their made in Germany ideas and go back to Germany."

Praises the Soldiers
Nolan declared that the progress of this country lies in the American people uniting in their Americanism. He pictured the sacrifices of the people in the war, declared that of the many people of German birth in this country, the great percentage of them were loyal and added that it may take a lifetime to make a German soldier, but it only takes a short time in America to make a real fighter."

Nolan was given an ovation when he concluded. He was introduced by Chief Justice J. B. Winslow of the Wisconsin supreme court.

Talks on Drainage
The real estate banquet was held in the Presbyterian church parlors. Gov. E. L. Phillips declared that Wisconsin had no land of its own on which to settle soldiers, but said he had suggested to the federal government that good lands could be bought in this state for that purpose. He urged the members of the real estate convention to take an interest in the new drainage bill before the legislature which he said would give aid in giving many acres of good Wisconsin land to cultivation.

In introducing Prof. A. B. Hall of the university, Chief Justice Winslow referred to McNutt McElroy, who criticized the university students for an un-American spirit last spring.

He scuttled the ship of the Loyalty Legion," continued Chief Justice Winslow, "and if this league continues to stand by McNutt McElroy it will never accomplish much in America."

Officers Are Chosen
Prof. A. B. Hall urged the real estate men to raise the standard of their profession. He told them they must help in solving the housing and zoning problems in this country.

Officers for next year, elected by the board of directors were:

President—Charles Cady, Green Bay.

First vice president—W. E. Webster, Hudson.

Second vice president—A. J. Edminson, Holcombe.

Secretary—Daniel Steinberg, Appleton.

Treasurer—Arthur Karlich, Racine.

On behalf of the convention, Ben B. Faast, Eau Claire, presented to the retiring officers, Paul Stark and E. J. Fisher, both of Madison, a gold watch each for their services to the association during the war.

BRITAIN PLANS AIR PROGRAM

See Great Field for Extension of the English Empire

LONDON (Thursday)—"Preparations must be made for the day when all British air routes will play a great part in the maintenance of the commercial existence of the British empire," said Major General Sir Frederick H. Sykes, controller general of civil aviation, today. He said that the British government had for some time been engaged in mapping out stages on an air route from Cairo to Australia by way of Karachi, Singapore and the Sunda islands.

"The establishment of postal service by airplane is a practical proposition," he said, "and it is one of the dominions will undoubtedly have in hand at an early date."

DESTROYED BY FIRE
TRIESTE (Thursday, Havas)—Nearly half the maritime works at Monfalcone, 16 miles northwest of Trieste have been destroyed by fire.

GAINS TEN POUNDS AND PUTS END TO STOMACH TROUBLE

This Illinois Man Found Immediate Relief When He Used the Right Blood Builder

The perfect operation of the stomach, as well as every other organ, is directly dependent upon the condition of the blood. When the digestive processes begin there is a rush of blood to the stomach to aid in the operation. If the supply of blood is inadequate and the quality thin and weak, digestion is impeded, stomach distress follows, the nerves refuse to do their work and headaches, sleeplessness and loss of appetite are a natural consequence.

The blood-builder which Mr. Albert Dessel, of No. 519 East Jefferson street, Springfield, Ill., used with success will restore the missing qualities to the blood and fresh air and plenty of exercise, will do the rest. In telling about his experience before and after using this tonic, Mr. Dessel says:

"I had been suffering with stomach trouble for about six months. My liver was out of order and I had frequent severe bilious attacks. I lost ten pounds in a short time as my appetite was poor and what I did eat caused me great distress. I had a peculiar color and frequently had specks before my eyes."

"I procured a box of Dr. Williams' Pink Pills at a drug store and before I had taken half of it I could see an improvement. My complexion cleared, my appetite was better and I regained my strength. I continued the treatment until my stomach troubles were gone and I had regained the ten pounds which I had lost. I am glad to recommend the remedy to others for I am confident of its power to benefit conditions similar to mine."

When the blood lacks red corpuscles a course of treatment with Dr. Williams' Pink Pills will cause them to increase. This can be demonstrated by a microscopic examination or anyone can prove it by looking in a mirror, for an increase in red blood shows quickly in the cheeks and especially in the lining membranes of the eyelids.

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams Medicine Co., Schenectady, N. Y., on receipt of price, 50 cents per box, six boxes \$2.50. Write for free booklet "Building Up the Blood."

Life was a mad maze of sorrow, Skies gray as doom overhead, Crushed by a sense of disaster, "Is aught left to live for?" I said. Then suddenly out of the darkness The gold of the sun ablaze, From the gloom of a hundred winters The joy of a thousand Mays. And lo! my rose of the future Blooms forth from the mire of the past. He is coming, is coming,—the postman With a check for my story at last.
